This **Design Direction Package** is a visual document summarizing the approved new layout for your space; the key design features for each area in scope; and the overall design direction intended for your project based on our discussions and conversations to-date.

Please note that the fixtures, finishes and equipment pieces reflected via the 3D model, are representative placeholders only, and will be used as a guide for the Project Designer when sourcing and selecting the real-life fixtures, finishes and equipment pieces for your project.
